

Winlock Takedown Tournament

Winlock Middle/High School 📍 241 N Military Rd, Winlock, WA 98596

📅 **Saturday, November 29, 2025**

A takedown tournament is unique in that only takedowns are allowed.

This is an exhibition event. It does not count as a weigh-in. It doesn't affect the 16 weigh-in limit.

During a single 2-minute match, each opponent tries to score as many takedowns as possible. The wrestler with the most takedowns wins. Matches cannot exceed two minutes, and a wrestler cannot wrestle more than six minutes total for the event. In case of a tie, the win is awarded to the wrestler who scored first. In case of a draw, in which no wrestler scored a takedown, the referee awards the win based on a coin toss. The winning wrestler progresses through the championship side of the bracket, and the loser progresses to the consolation side. Each wrestler has three matches, but only one wrestler can win all three. A combined total of takedowns for each team determines the event winning team.
